ISSUED JUNE 18, 1993

BY: Chas. Heller  
PUBLIC SERVICE COMMISSION MANAGER, 1993

ISSUED BY MCKINNEY WATER DISTRICT  
(Name of Utility)

BY Bob Mayberry  
CHAIRMAN

ADOPTION NOTICE

The undersigned McKinney Water District  
(Name of Utility)  
of McKinney, Kentucky 40448 hereby adopts, ratifies, and  
makes its own, in every respect as if the same had been originally  
filed and posted by it, all tariffs and supplements containing rates,  
rules and regulations for furnishing Water  
(Nature of Service)  
service at Lincoln County in the Commonwealth of Kentucky,  
filed with the Public Service Commission of Kentucky by \_\_\_\_\_  
McKinney Water Association of McKinney, Kentucky,  
(Name of Predecessor)  
and in effect on the 22 day of July, 19 86,  
the date on which the public service business of the said \_\_\_\_\_  
McKinney Water Association was taken over by it.  
(Name of Predecessor)

This notice is issued on the 01 day of September,  
19 87, in conformity with 807 KAR 2:020, Section 9 of the Regulations  
for the filing of Tariffs of Public Utilities with the Public Service  
Commission of Kentucky.

### RULES AND REGULATIONS

These Rules and Regulations govern the furnishing of water service by McKinney Water District and are in addition to the Rules of the Kentucky Service Commission as of July 1, 1993. These Rules and Regulations are to be in effect so long as they are not in conflict with the Kentucky Public Service Commission's Rules and Regulations.

#### 1. Scope

This Schedule of Rules and Regulations is a part of all contracts for receiving water service from the District, and applies to all service received from the District whether the service is based upon contract, agreement, signed application, or otherwise. A copy of this schedule, together with a copy of the District's Schedule of Rates and Charges shall be kept open to inspection at the office of the District. The rules are promulgated under direction and authority granted pursuant to Chapter 5 of Kentucky Administrative Regulations (807 KAR 5). The aforesaid rules and regulations are hereby adopted and included the same as if herein written.

#### 2. Revisions

These Rules and Regulations may be revised, amended, supplemented, or otherwise changed from time to time by either of the two (2) following methods:

### RULES AND REGULATIONS

- A. By order of the Kentucky Public Service Commission upon formal application by the District, and after hearing as provided by Commission Regulation set forth in 807 KAR 5:011.
- B. By issuing and filing on at least thirty (30) days notice to the Kentucky Public Service Commission and the public all proposed changes in the Rules and Regulations, as provided by Commission Regulations set forth in KAR 5:011.

#### 3. Conflict

In case of conflict between any provisions of any rate schedule and the schedule of rules and regulations, the rate schedule shall apply. Also, should the rules contained herein conflict with rules in effect under 807 KAR 5, the provisions of 807 KAR 5 shall take precedence over those contained herein.

#### 4. Application for Service

Each prospective customer desiring water service is required to sign the District's Standard Water Service Contract before service is supplied by the District. No service will be installed unless there is a main distribution line existing along the road from which service is requested. If service is desired on the same side of the road as the main, the meter shall be installed within five feet of the main. If service is desired on the opposite side of the road from the

water main, the service line will be run under the road and the meter installed on private property adjacent to the highway right of way. If the distance from the main to either side of the road is greater than 50 feet, the customer will be required to pay the cost of installing the pipe for the additional footage. A contribution in aid of construction as provided by the Schedules of Rates and Charges must be paid on all new connections to the existing water lines. Applications for service connection installation will not be processed if the applicant is indebted to the District on a past due account, bad debt, or in any other fashion whatsoever. Extensions to the utility's main shall be in accordance with 807 KAR 5:066, Section 11.

5. Standard Service

Each applicant for service shall receive a 5/8" x 3/4" meter.

6. Non-Standard Service

Each prospective customer requiring a non-standard service (i.e., other than a 5/8" x 3/4" meter) shall present to the District sufficient justification for same. All cost above standard will be the responsibility of the customer.

7. Point of Delivery

The Point of delivery is the point where the meter or vault is located on the customer's premises. All water lines, plumbing, and equipment

### RULES AND REGULATIONS

beyond the meter shall be installed and maintained by the customer.

#### 8. Customer's Service Line

All service lines beyond the metering point should be installed of material consisting of copper, galvanized, PVC or PE pipe with a rating not less than 180 psi. The size of service line beyond the point of delivery should not be less than 3/4". Should an applicant for service desire a higher pressure due to his location or need, he may make provision for an individual pressure booster system. The manner of connection, location cross-connection protection and type is subject to approval by the District. The District reserves the right to require discontinuance and disconnection should the private booster system have a detrimental effect on District's system.

#### 9. Ownership of Mains, Services & Appurtenances.

All mains, flush hydrants, valves, crossings, tanks, pumps, and other appurtenances are and shall remain the property of the District, whether installed by the District or the customer.

All service lines from main to meter with appurtenances shall be and remain the property of the District, whether installed by the District or the customer.

The customer shall install, own and maintain his service line from meter and/or point of delivery as defined herein.

RULES AND REGULATIONS

10. Discontinuance of Service by District

Water service may be discontinued by the District as set out in 807 KAR 5:006, Section 14.

11. Billing

Bills and notices relating to the conduct of the business of the District will be mailed to the customer at the address listed on the "User's Agreement" unless a change of address had been filed in writing with the District. The District shall not otherwise be responsible for delivery of any bill or notice nor will the customer be excused from payment of any bill or any performance required in said notice.

Bills for water service are due and payable at the office of the District, or may be mailed to the address of the District. Bills will be rendered monthly and shall be paid within fifteen (15) days from date of bill. Bills will be dated and mailed on or about day thirty (30) of each month.

A bill not paid on or before the fifteen (15) of the month shall be deemed delinquent. A ten (10) % late payment penalty charge will be applicable after the due date of any account. Should bills not be paid as above, the District may discontinue service after a written notice of intent to do so with the customer's turn off date being not

before twenty- (20) days after the mailing date of the original bill. However, if, prior to discontinuance of service, there is delivered to the District's office, a written certificate signed by a physician, a registered nurse, or a public health officer that, in the opinion of the certifier, discontinuance of service will aggravate an existing illness or infirmity of the affected customer, service shall not be discontinued until the affected resident can make other living arrangements or until thirty (30) days elapse from the time of the District receipt of said certification, whichever occurs first. Bills paid on or before the final date shall be payable at the net rates, but thereafter the gross rates shall apply as provided in the Schedule of Rates and Charges. Should the final date for payment of the bill at the net rates fall on a Sunday or holiday, the business day following the final date will be held as a day of grace for delivery of payment.

12. Discontinuance of Service by Customer

Any customer having fulfilled their contract terms and desiring to discontinue the water service to his premises for any reason must give notice of discontinuance in writing, telephone, or in person at the business office of the District at least three (3) days <sup>PUBLIC SERVICE COMMISSION OF KENTUCKY</sup> prior to the date on which the customer desires to discontinue service. <sup>EFFECTIVE</sup> Such

notice is not given, a customer shall remain liable for all water used and service rendered to his premises by the District until said notice is received by the District.

#### 13. Reconnection Fee

Where the water supply to the customer has been discontinued for non-payment of delinquent bills, a charge of \$20.00 will be made for reconnection of water services, but the reconnection will not be made until all delinquent bills and other charges, if any, owed by the customer to the District have been paid.

#### 14. Deposit

The District reserves the right to require that a nominal amount be placed on deposit with the District for the purpose of establishing or maintaining all customers' credit. This deposit has been established at \$30.00. Upon payment of deposit, the District shall issue to the customer a certificate of deposit, showing the name of the customer, the location of the initial premises occupied by the customer, and the date and the amount of the deposit. Interest will be paid on all sums held on deposit according to law. Interest on deposits will be refunded annually as set out in 807 KAR 5:006, Section 7.

RULES AND REGULATIONS

15. Adjustment Relative to Erroneous Meter

If a meter is inaccurate in excess of 2% where annual testing or upon requested testing, the average error of the meter and the adjustments shall be made in the customer's water bills as follows:

If test results on a customer's meter show an average error greater than two (2) percent fast or slow, or if a customer has been incorrectly billed for any other reason, except in an instance where a utility has filed a verified complaint with the appropriate law enforcement agency alleging fraud or theft by a customer, the utility shall immediately determine the period during which the error has existed, and shall recompute and adjust the customer's bill to either provide a refund to the customer or collect an additional amount of revenue from the underbilled customer. The utility shall readjust the account based upon the period during which the error is known to have existed. If the period during which the error existed cannot be determined with reasonable precision, the time period shall be estimated using such data as elapsed time since the last meter test, if applicable, and historical usage data for the customer. If that data is not available, the average usage of similar customer loads shall be used for comparison purposes in calculating the time period. If the customer and the utility are unable to agree on an estimate of

the time period during which the error existed, the commission shall determine the issue. In all instances of customer overbilling, the customer's account shall be credited or the overbilled amount refunded at the discretion of the customer within thirty (30) days after final meter test results. A utility shall not require customer repayment of any underbilling to be made over a period shorter than a period coextensive with the underbilling.

#### 16. Meters

All meters shall be installed, renewed, and maintained at the expense of the District, and the District reserves the right to approve the size and type of meter used. It shall be the policy of the District to test each water meter pursuant to Public Service Commission Regulation 807 KAR 5:066, Section 16. In addition, upon written request of any customer, the meter servicing such customer shall be tested by the District, pursuant to Public Service Commission Regulation 807 KAR 5:006, Section 20.

#### 17. Failure of Water Meter

Where a meter is found to be in error, the customer's bill will be adjusted in accordance with Section 10 herein per Kentucky Public Service Commission Regulation 807 KAR 5:006. customer for the month that the meter is replaced. The estimated bill will be based upon the previous six month's usage.

18. Right of Access

The customer must agree to permit the District to lay, maintain, repair, or remove its water lines that are located on the customer's property with the right of ingress-and-egress over customer's property. The District's duly authorized representative and/or other duly authorized employee of the State Health Department bearing proper credentials and identification shall be permitted to enter upon all properties for the purpose of inspection, observation, measurement, sampling and testing, in accordance with the provisions of these Rules and Regulations.

19. Interruption of Service

The District will use reasonable diligence in supplying water service, but shall not be liable for loss, injury, or damage to persons or property, resulting from interruptions in service, excessive or inadequate water pressure. The District does hereby explicitly state that its system is one for rural domestic consumption and that its allowance of connections to its system for fire protection <sup>PUBLIC SERVICE COMMISSION</sup> design or implication is only for such benefit as a customer <sup>OF KENTUCKY</sup> may be <sup>EFFECTIVE</sup> able to derive from such connection.

RULES AND REGULATIONS

The District's system is not designed nor intended for use for fire protection in any manner whatsoever. Any customer using same for fire protection does so at their own full and sole responsibility.

The District will install new hydrants only if a professional engineer with a Kentucky registration has certified that the system can provide a minimum fire flow of 250 gpm and the system has the capability of providing this flow for a period of not less than two (2) hours, plus consumption at the maximum daily rate.

The District shall in no event be held responsible for any claim made against it by reason of breaking of any mains or service pipes or by reason of any other interruption of the supply of water caused by the failure of machinery or stoppage for necessary repairs. No person shall be entitled to damages nor for any portion of a payment refunded for any interruption of service which in the opinion of the District may be deemed necessary.

The District shall make all reasonable efforts to eliminate interruption of service and when such interruption occur will endeavor to restore service with the shortest possible delay. When the service is interrupted all customers affected by such interruption will be notified in advance whenever it is possible to do so.

## RULES AND REGULATIONS

### 20. Boilers and/or Pressure Vessels

Customers having boilers and/or pressure vessels receiving a supply of water from the District must have a check valve on the water supply line and a vacuum valve on the stream line to prevent collapse in case the water supply from the District is discontinued or interrupted for any reason, with or without notice. It is the responsibility of the customer to make provisions for protection of his equipment in case of interrupted or intermittent service.

### 21. Backflow Preventors

Special services and fire connections shall have backflow preventors of a type approved by the District, installed at the cost of the customer or applicant for service.

### 22. Cross-Connection

Kentucky Department of Health, Kentucky Public Commission and these Rules and Regulations do hereby explicitly state that cross-connection of the District's system with any other source is hereby prohibited.

### 23. Relocation of Water Facility

The District may, at the request of the customer, relocate or change existing District - owned equipment. Customer will reimburse the District for such changes at actual cost including appropriate overhead such as legal, administrative, and engineering.

24. Damage to District's Water System

No person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface, or tamper with any structure appurtenance, or equipment which is a part of the District's water works. Any person violating this provision shall be subject to immediate arrest and/or discontinuance of water service and shall pay the cost of repairing or replacing the pipe or appurtenance.

Any person, firm or organization involved in work around or near the District's distribution mains or appurtenances may request the District to indicate location of same. However, indication by the District of same does not relieve such person of complete responsibility and liability for any and all damages, liability and loss resulting from any act of such person or his assigns and/or agent.

25. Additional Load

The service connection supplied by the District for each customer has a definite capacity, and no addition to the equipment or load connected thereto will be allowed except by consent of the District. Failure to give notice of additions or changes in load, and to obtain the District's consent for same, shall render the customer <sup>PUBLIC SERVICE COMMISSION</sup> <sup>OF KENTUCKY</sup> <sup>EFFECTIVE</sup> responsible for any damage to any of the District's lines or equipment caused by the additional or changed installation.

26. Notice of Trouble

The customer shall notify the District immediately should the service be unsatisfactory for any reason, or should there be any defects, trouble or accidents affecting the supply of water.

27. Water Main Extensions

Any person desiring an extension to the District system shall make a request in writing, in a form approved by the District, for such extension. Any requested extensions may be provided, under one of the following options:

Option I - District shall construct water main extensions under the authority and the procedure stipulated in Public Service Commission Regulation 807 KAR 5:066, Section 11. Any extension made under this option shall be subject to refund as outlined in said regulation.

Option II - Applicant may construct and donate to the District, the extension as a contribution in aid of construction, meeting all the District's specifications and approval. The District reserves right to stipulate applicable engineering, legal and administrative factors. Applicant shall pay all cost incurred by the District as a contribution in aid of construction. Any extension made under this option shall not be eligible for refund.

The applicant or group of applicants shall have the right to elect the

option by which said extensions shall be made. In either case applicant must execute a contract and agreement for line extension on a form approved by the District.

Extendor applicant is hereby notified that regardless of option selected all other rules, rates and charges of fees applicable to size and type of service requested shall be paid in addition to cost of extension.

The above mentioned means of acquiring service shall be executed as long as allotted amount of water from supplier is within the supplier's and the District's contract. If water usage is more than the contract states, then supplier shall have the authority to curtail the amount the District receives.

28. Flush Hydrants

McKinney Water District is not classified under fire control. The purpose of any hydrant within the system is for flushing lines. The District will continue to furnish water for fire protection to all fire departments in it's area of distribution. The District will not be responsible for any given pounds of pressure at the hydrants in it's system at any given time. The use of hydrants will be strictly limited to authorized periodic drill purposes and emergency (fire fighting) use only. The fire protection district, or any

volunteer fire department will be responsible for the upkeep of hydrants in their area. Also, they are responsible for the replacement of hydrants in the District if any are torn out or damaged in any way. New hydrants will be installed in accordance with 807 KAR 5:066, Section 10(b).

29. Complaints

Complaints may be made by a customer in writing, <sup>by telephone</sup> or at the office during business hours. Decisions made concerning such complaints will only be made by the Board of Commissioners. Decisions of the District's Commissioners may be brought before the Public Service Commission in accordance with 807 KAR 5:006, Section 9.

30. Sale of Water

Water furnished by the District may be used for domestic consumption by the customer's household or business, subject to special service agreements. The customer shall not sell, donate, give or allow use of such water to any authorized or unauthorized party.

31. Special Charges

Special charges may be assessed to the customer at amounts outlined below:

- A. A charge of \$5.00 will be made for each check returned to the District by the bank.

### RULES AND REGULATIONS

- B. A charge of \$10.00 will be made to reread a meter at the customer's request unless such reread reveals that the initial reading was erroneous. No charge shall be made if the initial reading was erroneous.
- C. Service Reconnection Charge. A charge of \$20.00 shall be made for all service reconnection made, except that there shall be no connection charges made for service on the original installation of facilities.
- D. Meter Test. Upon request and payment of \$25.00, a customer may have his meter tested provided request by the customer is not more than once each twelve months. If such test shows the meter to be more than two (2) percent fast, a refund of the \$25.00 charge shall be made and the bill adjusted accordingly. If the periodic testing requirement of 807 KAR 5:066 (17) has not been met for the meter tested, a charge will be made for the test regardless of test results.
- E. PSC Meter Test Complaint. Any customer of the District may request a meter test by written application to the Kentucky Public Service Commission.
- F. Contribution in Aid of Construction. The established contribution fee is based on the size of the installed metering equipment as

- G. Delinquent Service Charge. A charge of \$10.00 shall be made for a trip to disconnect a delinquent meter.
- H. Service Investigation Charge. A charge of \$10.00 per trip shall be made for service investigation, if interruption of service is not caused by failure of the District's facilities. Any maintenance and repair of facilities beyond the District's delivery point is the responsibility of the customer. In addition, no bill shall be adjusted as a result of water loss which occurs beyond the District's delivery point.
32. Special User Agreements for Non-Standard Service. Each applicant for non-standard service shall execute to the District an agreement for special service.
33. Miscellaneous. The customer agrees to have one unit only connected to one meter. The District will not permit more than one house, mobile home, business office, etc., connected to one meter. If connection is for an apartment, duplex, etc., the Customer will have a separate meter for each unit. If the District becomes aware of more than one unit hooked to one meter, the service will be disconnected from the main meter without notification to the customer.

CHAPTER 5

807 KAR 5:066. Water

Section 12. Extension of Service.

(1) Normal extension:

An extension of fifty(50) feet or less shall be made by a utility to its existing distribution main without charge for a prospective customer who shall apply for and contract to use service for one (1) year or more and provides a guarantee for such service.

(2) Other extensions:

(a) When an extension of the utility's main to serve an applicant or group pf applicants amounts to more than fifty (50) feet per applicant, the utility may if not inconsistent with its filed tariff require the total cost of the excessive footage over fifty (50) feet per customer to be deposited with the utility by the applicant or the applicants, based on the average estimated

cost per foot of the total extension.

(b) Each customer receiving service under such extension will be reimbursed under the following plan: Each year for a period of not less than 10 (10) years, which for the purpose of this rule shall be the refund period, the utility shall refund to the customer or customers who paid for the excessive footage the cost of fifty(50) feet of the extension in place for each additional customer connected during the year whose service line is directly connected to the extension installed and not to extensions or laterals therefrom, but in no case shall the total amount refunded exceed the amount paid utility. After the end of the refund period, no refund will be required to be made.

(3) An applicant desiring an extension to a proposed real estate subdivision may be required to pay the entire cost of the extension. Each year for a period of not less than ten (10) years the utility shall refund to the applicant who paid for the extension a sum equal to the cost of fifty (50) feet of the extension installed for each additional customer connected during the year but in no case shall the total amount refunded exceed the amount paid to the utility. After the end of the refund period from the completion of the extension, no refund will be required to be made.

(4) Nothing contained herein shall be construed to prohibit the utility from making extensions under different arrangements provided such arrangements have been approved by the Commission.

Monitoring of Customer Usage

At least once annually the Company will monitor the usage of each customer according to the following procedure:

1. The customer's annual usage for the most recent 12-month period will be compared with the annual usage for the 12 months immediately preceding that period.
2. If the annual usage for the two periods are substantially the same or if any difference is known to be attributed to unique circumstances, such as unusual weather conditions, common to all customers, no further review will be done.
3. If the annual usages differ by \_\_\_\_\_ percent or more and cannot be attributed to a readily identified common cause, the Company will compare the customer's monthly usage records for the 12-month period with the monthly usage for the same months of the preceding year.
4. If the cause for the usage deviation cannot be determined from analysis of the customer's meter reading and billing records, the Company will contact the customer by telephone or in writing to determine whether there have been changes such as different number of household members or work staff, additional or different appliances, changes in business volume, or known leaks in the customer's service line.
5. Where the deviation is not otherwise explained, the Company will test the customer's meter to determine whether it shows an average error greater than two (2) percent fast or slow.
6. The Company will notify the customers of the investigation, its findings, and any refunds or backbilling in accordance with 807 KAR 5:006, Section 10 (4) and (5).

PUBLIC SERVICE COMMISSION  
OF KENTUCKY

In addition to the annual monitoring, the Company will immediately investigate usage deviations brought to its attention as a result of its on-going meter reading or billing processes or customer inquiry.

Billing address \_\_\_\_\_

Social Security Number: \_\_\_\_\_ - \_\_\_\_\_ - \_\_\_\_\_ Renter or Owner \_\_\_\_\_

Phone # \_\_\_\_\_ If you are not the customer, sign here \_\_\_\_\_

Property Discription \_\_\_\_\_  
(brick, siding, etc., mobile home ?)

Meter Info: \_\_\_\_\_

Account Number \_\_\_\_\_ (deposits only) Are you **ready** for water to be turned on \_\_\_\_\_

The **Customer** agrees to purchase water from the District and pay all initial installation and connection fees, together with all monthly water charges which may be fixed by the Commissioners of the District, which have been approved by the Public Service Commission of Frankfort, Ky. The **Customer** agrees to pay each consecutive monthly water bill in full when due.

The **Customer** agrees to comply with the provisions of the policy and/or amendments of the Water District, together with all rules and regulations, which from time to time may be changed or added to by the District.

The **Customer** agrees to permit the District to lay, maintain, repair, remove and disconnect a service line and meter, and read meter at a point on the **Customer's** property, to be designated by the District for each meter, with the right to enter and leave for these purposes over **Customer's** property.

The **Customer** will install and maintain a service line at their own expense, which will begin at the water meter and extend to the dwelling. The **Customer** will assume responsibility for any damage to metering equipment in making such connection.

The **Customer** agrees the meter will be placed at the point which will be the most cost effective to the District.

The District agrees to provide the **Customer** suitable drinking water at reasonable pressure and volume, meeting the requirements of the Public Service Commission in Frankfort, Ky.

The **Customer** agrees no other present or future source of water will be connected to any water lines served by the District's water lines and will disconnect ALL present water supply prior to connecting to the District's lines. NO cross connections will be allowed by the District.

**The Customer agrees to have ONE unit only connected to ONE meter. The District will NOT permit more than one house, mobile home, business office, etc., connected to one meter. If connection is for an apartment, duplex, etc., the Customer will have a separate meter for EACH unit. If the District becomes aware of more than one unit hooked to one meter, the service will be disconnected from main meter WITHOUT notification to the Customer!**

The **Customer** agrees NOT to resell or give water to anyone. This includes running a water hose from one unit to another.

The **Customer** agrees the water meter belongs to the Water District. The **Customer** is paying for service, not equipment.

The **Customer** agrees the new-connection fee is NOT refundable.

The **Customer** agrees to keep meters clean of debris and accessible to read and maintain at ALL times.

The **Customer** agrees their signature on this contract shows acknowledgment of all the above.

The McKinney Water District acknowledges receipt of \$ \_\_\_\_\_, to be applied to the new-connection fee,

and/or receipt of \$ \_\_\_\_\_, to be applied to the deposit which is refundable only after customer is no longer on the existing water lines and has paid all bills in full.

I, \_\_\_\_\_, on this the \_\_\_\_\_ day of \_\_\_\_\_,

\_\_\_\_\_, 20\_\_\_\_\_, show my acceptance of this contract by my above signature.

RULES AND REGULATIONS

Dear \_\_\_\_\_

It has come to the District's attention your basic water service is being used contradictory to the tariffs of the McKinney Water District (and your water user agreement).

Under our tariffs, which are rules and regulations governing water usage, there is a strict requirement of one usage per meter. In other words, only one residence, business, etc. may be served by each meter.

The reason for this rule is obvious. McKinney, and all water companies charge a basic rate for the first 1,000 gallons of water used from a meter, with descending rates for various amounts after the first 1,000 gallons. If more than one residence is hooked up to a meter, McKinney loses money every month as a result.

Therefore, we are issuing letters to the customers whom we believe have more than one entity on a meter.

You have 60 (sixty) days to contact the McKinney Water District to allow our maintenance man to come to your property and assist you in terminating the illegal service lines, and assist you in establishing a legitimate water supply for all additional users.

Failure to comply to this letter could result in loss of water service.

Please direct any and all questions concerning this letter to the following board members:

BOB MAPLES - CHAIRMAN - 365-7828  
WAYNE SEARS - TREASURER - 365-3046  
RAY FLOYD - BOARD - 365-7615

RULES AND REGULATIONS

WATER SHORTAGE RESPONSE PLAN

McKINNEY WATER DISTRICT

McKINNEY, KENTUCKY

Section 1. Purpose. The purpose of this plan is to provide for the declaration of official phases of water supply shortages and the implementation of voluntary and mandatory water conservation measures throughout the McKinney Water District in the event a public service commission is declared.

Section 2. Definitions. These terms are applicable only for this Plan unless specifically noted.

- (a) "Customer" shall mean any person or entity using water for any purpose from the McKinney Water District distribution system and for which either a regular charge is made or, in the case of bulk sales, a cash charge is made at the site of delivery.
- (b) "Raw Water Supplies" shall mean all water potentially available to persons in the McKinney Water District.
- (c) "Base Entitlement" shall mean the monthly usage for a customer during the same month of the preceding calendar year or the average per customer usage for each class of service during the same month of the preceding year.

### RULES AND REGULATIONS

(d) "Curtailed Entitlement" shall mean the monthly usage for a customer after any curtailment percentage has been applied.

(e) "Curtailment" shall mean the reduction in entitlement by some percentage to meet anticipated water shortages.

(f) Water Shortage Response Phases:

"Advisory" shall mean that conditions exist which indicate the potential for serious raw or treated water supply shortages.

"Alert" shall mean the raw or treated water supplies are consistently below seasonal averages, and if they continue to decline, may not be adequate to meet normal needs.

"Emergency" shall mean that raw or treated water supplies are below the level necessary to meet normal needs that serious shortages exist in the area.

(g) "Rationing" shall mean that procedures must be established to provide for the equitable distribution of critically-limited raw or treated water supplies, in order to balance demand and limited available supplies, and to assure that sufficient water is available to preserve public health and safety.

RULES AND REGULATIONS

"Treated Water" shall mean water that has been introduced by the McKinney Water District into its water distribution system, including water offered for sale. Uses of treated water are classified as follows:

Essential Water Uses (Class 1):

The following uses of water, listed by site or user type, are essential.

Domestic:

- water necessary to sustain human and the lives of domestic pets, and to maintain minimum standards of hygiene and sanitation.

Health Care Facilities:

- patient care and rehabilitation, including sewer and filling and operation of swimming pools.

Water Hauling:

- sales of domestic use where not reasonably available elsewhere.

Public Use:

- firefighting,
- health and public protection purposes, if specifically approved by health officials.

## RULES AND REGULATIONS

### Socially or Economically Important Uses (class 2) :

The following uses of water, listed by site or user type, are socially or economically important.

#### Domestic:

- personal, in-house water use including kitchen, bathroom and laundry.

#### Water Hauling:

- non-domestic, when other sources are not reasonably available elsewhere.

#### Commercial and Civic Use:

- commercial car and truck washes,
- laundromats
- restaurants, clubs and eating places.
- schools, churches, motels/hotels and similar commercial establishments.

#### Outdoor Non-Commercial Watering:

- minimal watering of vegetable gardens,
- minimal watering of trees where necessary to preserve them.

Outdoor Commercial or Public Watering (using conservation methods and when other sources of water are not available or feasible to use):

- agricultural irrigation for the production of food and fiber or the maintenance of livestock,

### RULES AND REGULATIONS

- watering by arboretums and public gardens of national, state, regional or community significance where necessary to preserve specimens,
- watering by commercial nurseries at a minimum level necessary to maintain stock,
- watering at a minimum rate necessary to establish or maintain revegetation or landscape plantings required pursuant to law or regulation,
- watering of woody plants where necessary to preserve them,
- minimal watering of golf course greens.

#### Recreational:

- operation of municipal swimming pools and residential pools that serve more than 25 dwelling units.

#### Air Conditioning:

- refilling for startup at the beginning of the cooling season,
- makeup of water during the cooling season,
- refilling specifically approved by health officials where the system has been drained for health protection or repair services.

Non-Essential Uses (Class 3) :

Any waste of water, as defined herein, is non-essential. The following uses of water, listed by site or user type, are non-essential.

Public Use:

- use of fire hydrants ( excluding Class 1 and Class 2 uses), including use of sprinkler caps, testing fire apparatus and fire department drills,
- flushing of sewers and fire hydrants except as needed to ensure public health and safety as approved by health officials.

Commercial and Civic Use:

- serving water in restaurants, clubs, hotels, and eating places, except by customer request,
- failure to repair a controllable leak,
- increasing water levels in scenic and recreational ponds and lakes, except for the minimum amount required to support fish and wildlife.

Ornamental Purposes:

- fountains, reflecting pools and artificial waterfalls,

Outdoor Non-Commercial Watering:

- use of water for dirt control or compaction,
- watering of annual or non-woody plants, lawns, parks, golf course fairways, playing fields and other recreational areas,
- washing sidewalks, walkways, driveways, parking lots, tennis courts or other hard-surface areas,
- washing down buildings or structures for purposes other than immediate fire protection,
- flushing gutters or permitting water to run or accumulate in any gutter or stream.

Outdoor Commercial or Public Watering:

- expanding nursery facilities, placing new irrigated agricultural land in production, or planting of landscaping except when required by a site design review process,
- use of water for dirt control or compaction,
- watering of lawns, parks, golf course fairways, playing fields and other recreational areas,
- washing sidewalks, walkways, driveways, parking lots, tennis courts or other hard-surface areas,

## RULES AND REGULATIONS

- flushing gutters or permitting water to run or accumulate in any gutter or street.

Recreational uses other than those specified in Class 2.

Non-commercial washing of motor and other vehicles.

Section 3. Applicability. The provisions of this Plan shall apply to all retail and wholesale customers of the McKinney Water District. When implemented, this plan becomes McKinney's Water Shortage Response Regulation.

Section 4 Entitlements. Entitlements shall be established for each customer by adjusting the base entitlement to reflect any known change in usage pattern.

Section 5. Determination of Water Shortage. Water supply and usage shall be monitored on a continuous basis. Unrestricted demand shall be projected from past records and adjusted for changes such as new developments and weather conditions on a regular basis. (Note: A sample calculation page is attached as Appendix A to assist in determining overall water levels. It is important that accurate water measurements be used.) Water shortages generally occur for two reasons, a reduction in available supplies or a system failure. Each of these has a distinct influence on the nature and duration of the conservation program implemented. Official declaration of a water shortage stage and implementation of the measures necessary to curtail water use shall be approved by the McKinney Water District Commissioners.

Section 6. Term of Water Shortage Declaration. Any Water shortage declaration shall remain in effect until water supplies of service conditions

have returned to normal. A final determination as to terminating a water shortage declaration shall be made by the Commissioners of McKinney Water District.

Section 7. Water Shortage Stage, Criteria, Conservation and Curtailment Measures.

A. Advisory Stage:

(1) Criteria: A water advisory shall be declared when the amount of treated water or raw water available for treatment is projected to be below demand, or there are periods of low water pressure in one or more areas of the distribution system due to system failure or inadequacies or the State Division of Water issues a Water Shortage Watch which includes the areas from which the McKinney Water District draws water.

(2) Conservation and Curtailment Measures:

- (a) Declare a Water Shortage Advisory.
- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all water leaks.
- (d) Request voluntary conservation of all non-essential (Class 3) water use.
- (e) Request wholesale customers also issue request for

voluntary conservation by their customers of all  
non- essential (Class 3) water use.

B. Alert Stage:

(1) Criteria: A water alert shall be declared when the amount of treated water available is projected to be up to 15% below demand, or raw water supplies are consistently below seasonal averages and if they continue to decline, may not be adequate to meet normal needs.

(2) Conservation and Curtailment Measures:

- (a) Declare water shortage Alert.
- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all water leaks.
- (d) Prohibit all non-essential (Class 3 ) water uses.
- (e) Curtail entitlements to all customers by the same percentage as the projected shortage.
- (f) Begin billing all customer water usage in excess of curtailed entitlement at the normal rate plus an excess usage charge of \$10.00 per 1,000 gallons.

Month Day Year

ISSUED BY Harrison Reynolds Chairman - 2010 Oak Orchard Rd, Stanford Ky.  
Name of Officer Title Address

NO 484-  
9704

The City of Stanford has adopted the following plan as of August 11, 1988:

1. Any person or persons using under the minimum of 2,000 gallons per month are exempt from penalties and surcharges.
2. Each person of a household is allotted 40 gallons per day or 1,200 gallons per 30 days. If a 2 person household goes over their allotment by 1,000 gallons, a \$ 25.00 surcharge will be added to their bill with a \$ 2.00 additional fee for every 100 gallons used over the 1,000. Customer is to pay for all water used at present rates; if more than a 2 person household goes over their allotment by 501 gallons, a \$ 25.00 surcharge will be added to their bill with a \$ 2.00 additional fee for every 100 gallons used over 501. Customer is to pay for all water used at present rates.  
NOTE: Each household is to fill out a form stating the amount of people in their household and return it to our office within 5 days of delivery of form. Falsification of this form will constitute a \$ 100.00 fine. If form is not returned within 5 days, customer will be considered as one person, receiving only 1,200 gallons per 30 days.
3. All commercial customers allotment will be reduced by 10% of their present allotment. If use is over their allotment by 501 a \$ 25.00 surcharge and a \$ 2.00 additional fee for every 100 gallons over will be added to their bill.
4. All manufacturing customers will continue under their present 10% reduction of water used. If they use over their allotment by 501 gallons a \$ 25.00 surcharge and a \$ 2.00 additional fee for every 100 gallons over will be added to their bill. All contractual water customers will be considered as manufacturing customers.
5. Requests for additional water allowances must be made in writing and approved in advance by the water commission. Requests will only be approved for medical reasons or necessary to sustain human life and to maintain minimum standards of hygiene and sanitation.
6. The previous 10% resolution passed by the City Council of July 7 1988 will remain in effect until meters are read to determine August usage. Water allotments for September and thereafter are covered by this resolution.
